**What examination or assessment will there be and what will it involve?**

**There will be an initial assessment followed by on-going assessment of progress and achievement.  
The tutor will continuously assess your work and keep a record of your progress.**

**How will I know I am making progress?**

The tutor will give you continuous feedback on your oral and written work as well as suggestions for improvement. You will have an individual learning plan to monitor your own progress. The tutor will keep a record of your work and performance and discuss this with you. You will gain more from the course if you commit study time to it outside the classroom.

**Is there anything else I need to know?**

In general, we will not allow late entry to any course after the first two weeks. You can discuss issues with your tutor or his manager at any time during the course. During the course you will receive at least one satisfaction survey to complete. This is used by us to monitor different aspects of the courses.
