### **What examination or assessment will there be and what will it involve?**

At the beginning of the course an initial assessment takes place to identify your level of experience knowledge or current skills, and you will be asked to complete and sign a health screening questionnaire.

The tutor will carry out informal assessments to check your understanding, there is no exam.

You will complete a self-assessment at the beginning, middle and end of the course and you will participate in regular self assessment.

Your tutor will let you know how you are getting on throughout the course, to help you work to your full potential.

At the end of the course you will receive written feedback.

Please note on all examination courses, it is a requirement that you provide photographic proof of ID. This is for external awarding body and internal invigilation authentication purposes.

### **How will I know I am making progress?**

You will have an 'Individual Learning Plan' where the course learning outcomes are shown and where you can set individual learning goals and monitor your own progress against these.

You will need to evaluate your own progress and manage your time.

Your tutor will give ongoing feedback and will keep you informed of your progress.

Video recording might be used as a reflective tool.

### **Is there anything else I need to know?**

In general, we will not allow late entries to any course after the first two weeks.

To maximise your chances of benefiting from the course fully we expect you to attend **all** scheduled sessions and that you do so **punctually** and are ready to start learning at the start of the class.

Please note that if you are more than **10 minutes late** for a class you will not be allowed to participate practically in the session. This is for your own safety as by missing the warm up you will be risking an injury. Being late also disrupts the rest of the group.
