Miss Edith Ramsay,

E.1.

November 30 1949.

Dear Miss Ramsay,

We think that you may like to know - in case you had not heard it - that Colonel Clarke put down a question in the House of Commons as to the closing of the Colonial Office Seamen's Hostel in Stepney. I understand that the reply given was that other, satisfactory, arrangements had been made. Colonel Clarke has now, therefore, put down a supplementary questions, asking for details of these arrangements.

I am also asked to say that the relevant Department of the Conservative Party Organisation is giving much thought as to what can be done in the whole matter of the permanent Coloured population of this country.

Yours sincerely

L. Gore
for Secretary.

(Lady W. Gore)
