Miracles UK: : 50 Children 50 Artists

3 December - 27 March 2016

Fifty Children Fifty Artists was launched by Miracles last year in Tower Hamlets to raise awareness of child poverty here (the highest rate in the UK at over 50%) and to alleviate the suffering of those facing poverty as well as sickness and other life crises.

The young sitters are a mix of school competition winners and children directly helped by Miracles already. The project is a celebration of Tower Hamlets and the children who live there.

The goal is to raise over £300,000 in sponsorship and donations – from corporate sponsorship, private donations and other initiatives such as Fifty Restaurants. The money raised will go directly towards Miracles' work in Tower Hamlets over the next two years.

As part of the project, one of the 50/50 sponsors, Citi Bank, gave a weekend of their time to completely repaint and refurbish the Whitechapel Road Citizens Advice Bureau – one of Miracles' principle referral partners in the area. Encouraging local companies like Citi to involve themselves in our work and the local community is central to the project's focus. We can't end child poverty on our own but with your help we can be part of the solution.
