Woodwork Skills

From getting your hands on the right tools to using the correct techniques, our **Get Started in Woodwork** will familiarise you with woodwork basics such as woodwork joints, types of wood and their uses. Progress to Improve your Woodworking skills and work at a more advanced level. A sound basic knowledge is required. Once you're at the stage where you just need tips and guidance with your skills, come and work on your own project at our **Workshop in Woodwork** and **Woodwork Club**. And if you're really serious learn essential safety, skills training and progress to the use of heavy floor-standing machinery in our **Wood Machining Safety and Skills Workshop**, which includes pillar drills, a circular saw, planer-thicknesser, morticer and band saw. An in-house certificate will be issued and your name added to the list of authorised users. Training in use of the wood lathe can be arranged for highly experienced learners. Designed for the student with learning difficulties, you will enjoy meeting friends, learning how to use all the tools and making your own projects from wood. The tutor will help and support you in putting your ideas into production. Carers welcome.
